CAUTION.—We beg leave to cantion purchasers of our choice OLD MONONGAHELA WHISKIES against the deception and petty fraud which is practiced by certain parties in this city and in Baltimore, who have appropriated to them-selves exact copies of the Star Brands, long used and designed by us to distinguish our Old Whiskeys. We can assure our friends and customers, that the univalled quality, everywhere acknowledged, of our choice OLD WHISKIES, cannot be equalled by these ingenious invadors of our rights.
Our new establishment, Gibsonios Mills, on
the Monongahela River, gives us unequalled facili-

les for making Whiskey of the choicest kind, from walted and kiln-dried grain.
Purchasers of our Old Whiskies will please to

betice, the words Gibsonion Mills and John Gibsos, Soss & Co., are inserted in the new Brands which we now adopt; and we deem it a duty to our customers and ourselves, to give notice, that we will prosecute and expose any person or persons
who may hereafter copy or use our Brands.

CAPITAL OVER 350,000 DOLLARS,
AND CONSTANTLY INCREASING.
The Charter of this Company offers more favorable advantages to the farmer and others, than any ble advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium in easil, or by effecting a eash insurance for two years, the insured saves one-eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of Murch, 1854, since which time over seven thousand seven hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospeets of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this Company a reputation for cheapness and safety not surpassed by any Company in the U. States.

All differences in settlement of losses, may be determined by three disinterested arbitrators of the

County where such loss happened, to be mutually

chosen by the insured and the Company. DIRECTORS: T. B. Robertson. H. W. Thomas, Edward Sangster, Dr. R. H. Stabler, James T. Close, Themas T. Hill, W. D. Massey, Christopher Neale, R. H. Carter, P. D. Lipscomb, Wm. Wright, R. F. Lester, W. M. Turner, S. T. Stuart. A. R. Blakey,

HAVE engaged in the Manipulation of GU-ANOS, and am now ready to supply the Far-mers and Planters of the United States with an article which I consider superior to anything of the kind which has yet been produced, having an unusual amount I believe, of the valuable ingredients in this article. During my editorship of the "American Farmer," with which until within a few months, I have been connected for 25 years, I have most emphatically urged upon the Farmers and Planters that the mixture of the Ammoniacal Guano (Peruvian) with the Phosphatic (Mexican, Columbian, &c.,) was the best and cheapest appli-cation to most crops they could apply. For more general views upon this subject, I refer to the pages of the American Farmer; and also, to my circular just issued (and which will be forwarded to any one desiring it) in which this view is ably sustained by Dr. Bickell, Analytical Chemist, of this

THE EXCELSIOR MANIPULATED GUANO WILL BE PUT UP IN BAGS AND MARKED S. Sands' Excelsior Manipulated Guano, AND WILL CONTAIN

91 to 10 per cent. Ammonia and 45 to 50 per cent. Phosphates. It is intended that it shall reach the highest of

these standards, but some allowance is desired to be made, to meet any possible short-coming which by accident may be made. The Excelsior No. 1 I believe equal to the best Peruvian Guano on any crop to which that article is applied, and will sur-pass it as improvement to land. The Agricultural public have been much imposed upon by all sorts of professed fertilizers, but I have no hesitation in saying, that I believe this compound will be found the "Ne Plus Ultra" of anything of the kind which has yet been produced; and with this confidence n its value, I have agreed to introduce it to the SAMUEL SANDS.

MISCELLANEOUS READING I WAIT FOR THEE.

The hearth is swept -the fire is bright, The kettle sings for tea; The cloth is spread, the lamp is light, The mustins smoke in napkins white, And now I wait for thee. Come home, love, come; thy task is done;

The clock ticks listingly; The blinds are shut, the curtain down The arm-chair to the fire side drawn, The boy is on my knee. Come home, love, come, his deep fond eye

Looks round him wistfully; And when the whispering winds go by, As if thy welcome steps were nigh, He crows exultingly In vain-he finds the welcome vain,

And turns his glance on mine So earnestly, that yet again, His form unto my heart I strain, That glance is so like thine. Thy task is done-we miss thee here;

Where'er thy footsteps roam. No heart will spend such kindly cheer, No beating heart, no listening ear, Like those who wait thee home.

Ah, now along the cross walk fast, The weil-known step doth come; The bolt is drawn, the gate is past, The boy is wild with joy at last-A thousand welcomes home!

SALE OF THE ICARIAN PROPERTY AT NAUVOO. On Monday of last week the property of the Icarian Community at Nauvoo, in Illinois, was sold. The debts of the Community amounted to \$10,000, and to secure them an assignment of the property had been made .--5 00 A portion of it sold for enough to pay off the debts, and \$10,000 worth was left unsold. The temple lot and the ruins of the structure sold for \$1,350; the school house for \$2,000, and the Distillery for \$6,550. The Community have purchased a tract of 43,000 acres of land in Adams county, Illinois, and are about to re-move thither. This Community was formed in France in 1848, by M. Cabet. Sixty-nine of the number composing the original com-pany came to this country in that year, and settled on the Red River, in Texas.

Twenty days after they left France the Revolution occurred, and M. Cabet and his friends being unfriendly to the new Government, came to the United States in sufficient numbers to raise the the Red River Community to about five hundred. Their original location not being satisfactory, they removed to Nauvoo in 1849. Here after a few years, the Community became jealous of the power assumed by M. Cabet, and appointed another superior, M. Girard. Cabet, offended at this, left and removed with several others of the Society to St. Louis, where he died about two years since. The Community has been weakened, also, by other causes, until now it numbers only about one hundred and eighty.
